Memorandum

TO: Joelle Burns
Division of Oil, Gas and Mining

FROM: Eldon Robinson *ERR*
Park Manager
Bear Lake State Park

DATE: May 1, 1999

SUBJECT: Mining Operation # S330003

Thank you for the time spent on the telephone the other day discussing the mining operation here at Bear Lake State Park. This property is owned by the School and Institutional Trust Lands, and is leased from them by the Utah Division of Parks and Recreation for mining building stone and limestone (lease # 45351). As you recommended, I have gone to the site and measured the area that has been disturbed during mining activities. The results of my on-site survey showed that 4.4 acres have been disturbed. Our intent is to use this material as emergency repairs to the state Marina become necessary. I will let you know if there is a need for any additional disturbance at this location.

Thank you for your help.

ERR/tsp
